**In Calendar Year 2021, 47 of the 3,221 Eligible Applicants did not matriculate into a COE degree-granting major.*

The Entry to a Major (ETAM) process uses a priority method that places students in their highest preferred major possible based on their academic performance, their ETAM application content, and the program’s capacity.

Terms/column headers defined:

- **Eligible Applicants (by their 1st choice major):** Number of students, tallied by their 1st choice major (listed on the ETAM application), who are eligible for entry to a major because they have completed an ETAM application and have fulfilled ETAM eligibility requirements. ETAM eligibility requirements, by entry year and program, are defined on the [ETAM website](#).
- **1st Choice Major, Auto Entry Placement:** Number of eligible applicants placed in their 1st choice major through the Auto Entry pathway. These eligible applicants have fulfilled ETAM eligibility requirements and Automatic Entry requirements. Automatic Entry requirements, by entry year and program, are defined on the [ETAM website](#).
- **1st Choice Major, Holistic Review Placement:** Number of eligible applicants placed in their 1st choice major through the Holistic Review pathway.
- **2nd Choice Major, Holistic Review Placement:** Number of eligible applicants placed in their 2nd choice major through the Holistic Review pathway.
- **3rd Choice Major & Beyond, Holistic Review Placement:** Number of eligible applicants placed in their 3rd, 4th, or 5th choice major through the Holistic Review pathway. Note: Applicants must apply to three majors, but they have the option to select up to five majors.
- **Total Placement:** Total number of eligible applicants placed in a COE degree-granting major in this ETAM cycle. Note: “**Total Placement**” is a summation of Auto-Entry Placement and Holistic Review Placement (1st choice major, 2nd choice major, 3rd choice major and beyond). Therefore, “**Total Placement**” in a specific major may be higher than “**Eligible Applicants (by their 1st choice major)**” for that major.
